1. Introduction

This document outlines the standard operating procedures (SOP) for managing client relations and daily administrative operations. It is designed based on practical experience in handling client communication, scheduling, and operational coordination within a structured work environment.
The goal of this SOP is to ensure efficiency, consistency, and a high level of client satisfaction.

This SOP was developed based on hands-on experience in managing client interactions, scheduling, and administrative coordination within a fast-paced environment.

2. Objectives

- To standardize daily administrative tasks
- To improve client communication and response time
- To ensure proper client onboarding and follow-up
- To maintain organized and up-to-date client records

3. Daily Operations Workflow

3.1 Morning Tasks

- Check and respond to emails, WhatsApp, and Telegram messages
- Review pending client inquiries
- Update client tracking sheet
- Confirm scheduled meetings or sessions for the day

3.2 Midday Tasks

- Follow up with new and existing clients
- Schedule classes, meetings, or consultation sessions
- Coordinate with team members (trainers, advisors, etc.)
- Handle urgent client requests

3.3 End-of-Day Tasks

- Update client records and statuses
- Track completed tasks and pending activities
- Prepare schedule and priorities for the next day

4. Client Onboarding Process

1. Receive client inquiry (via WhatsApp, email, or referral)
2. Send welcome message
3. Collect necessary client information (name, contact, interest)
4. Record client details in tracking system
5. Assign client to advisor or trainer
6. Schedule first session or consultation
7. Follow up within 24 – 48 hours

5. Tools and Systems Used

- Google Sheets – Client tracking and data management
- Google Calendar – Scheduling and reminders
- WhatsApp / Telegram – Client communication
- Microsoft Excel – Reporting and data organization

6. Client Tracking System

Client data is recorded and maintained in a structured spreadsheet. Key details tracked include:

- Client Name
- Contact Information
- Status (New, Active, Follow-up, Completed)
- Assigned Advisor
- Session Dates

The tracking system is updated daily to ensure accuracy and consistency.

7. Communication Templates

7.1 Welcome Message for virtual classes

Good day Amir,

We're excited to officially welcome you to the online learning program at XM Trading Academy.

Your classes will be held via Zoom or Google Meet. The tutors will communicate the schedule and fix the time for each session. Please note that a different course will be taught each day by a designated tutor to ensure you receive well-structured and focused training.

If at any point you experience difficulty with understanding, pace, or language, please do not hesitate to speak up. This is a free and supportive learning space, and your tutors are here to help you succeed. We encourage you to ask questions, seek clarification, and fully make use of this opportunity.

We look forward to a productive and engaging learning experience with you.

Welcome Message for group

WELCOME TO XM TRADING ACADEMY 🎓

Dear Students,

You're all warmly welcome to the official WhatsApp group for your set
We're excited to have you join the community where learning, growth, and collaboration happen daily.

Here are a few simple rules to keep the group productive:

1. Respect everyone – be polite and kind in your messages.

2. Stay on topic – discussions should be about crypto trading, lessons, or academy-related matters.

3. No spam or promotions – avoid posting unrelated links or adverts.

4. Ask questions freely – no question is too small; we're all here to learn.

5. Keep the group active – participate in discussions and share ideas that help others.

6. Follow instructions from admins – to ensure order and smooth communication.

Let's make this group a space for learning, motivation, and success 🚀

Once again, welcome to the family! 💪
— Admin, XM Trading Academy Kano

7.2 **Follow-Up Message**

Hello Amir,
Just checking in to see if you are having any difficulty, or need any assistance. Please feel free to reach out anytime.

7.3 **Reminder Message**

Hello Amir,
This is a reminder for your scheduled session today at 12:45pm. We look forward to having you.

8. Challenges and Solutions

Challenge	Solution
Delayed responses to clients	Introduced message templates
Disorganised client data	Created structured tracking system
Missed follow-ups	Implemented daily scheduling

9. Conclusion

This SOP provides a structured approach to managing client relations and administrative operations. By following these procedures, efficiency is improved, communication is streamlined, and overall client satisfaction is enhanced.
